

TO WHOMSOEVER IT MAY CONCERN

This is to certify that we are regularly sourcing our CRGO Laminations from M/s Kryfs Power Components Ltd for use in our Power & Distribution Transformers. The supplies from KRYFS received by us are in line with our Quality requirements & they have been successfully able to deliver material as per agreed schedule.

We shall also like to appreciate that they have delivered two units each of about 20 MT in a short period of two days & as these jobs were required on urgent basis, both the jobs were air lifted. We congratulate KRYFS on this great effort & thank them for taking up the challenge and executing it well in such a short notice.

We wish KRYFS success in their business.

Thanking you
